

Public Opinion Poll

Age: _____

Gender: Male Female

Occupation: _____

Location: _____

Do you feel conservation of the Galapagos is an important issue?

**Indicate your level of agreement with each of the following statements:
1 (strongly disagree) to 5 (strongly agree)**

___ The World Biopreserve has a sincere concern for the health of the Galapagos ecosystem.

___ The Green Villages are meant to benefit both the environment and the inhabitants equally.

___ The World Biopreserve has the economic means to make a significant difference in the Galapagos.

___ There should be limits on species and number of fish taken.

___ There should be laws to address the use of chemical pesticides and fertilizers for farming.

___ There should be limits on the number and types of vehicles used on the islands.

___ There should be limits on immigration.

___ There should be limits on the number of tourists allowed on the islands.

___ The educational system should reinforce a conservationist attitude toward the Galapagos

___ The current plans to eradicate invasive species and to defend against future introduced species are adequate and working well.

___ The rebuilding of the current villages of Puerto Ayora, Puerto Villamil, and Puerto Baquerizo Moreno to be more “eco-friendly” is a valuable objective.

___ The rebuilding of these three villages is currently going well.

**Please write down any other comments and suggestions that you might have.
